

Genting Malaysia (GENM MK)

'Complicated' 2Q23 but we are keeping faith

Maintain BUY with a lower DCF-TP of MYR2.77 (-3%)

Core net profit missed but dividends were within our expectations. Long term, lower EBITDA margins from Empire Resorts will more or less be offset by higher EBITDA margins from RWG. Thus, we trim our long term EPS by 3% and DCF-TP to MYR2.77 from MYR2.85. Though there is only 11% upside currently, we maintain our BUY call as we still believe that GENM is in a good position to win a full casino license in New York City in 1H24 that we estimate will add >MYR0.53/shr to our DCF-TP ([link](#)).

Earnings below but dividends within expectations

2Q23 core net profit of MYR120.8m (+13% YoY, +186% QoQ) brought 6MFY23 core net profit to MYR163.0m (+1,014% YoY) which was below our expectations at 24% of our FY estimate. On closer inspection, the earnings shortfall was due to one-off repair and maintenance (R&M) expenses and seasonally lower charters for its yacht subsumed under 'others'. Yet, the interim DPS of 6sen (+0% YoY) was in-line. GENM traditionally declares more DPS in the 2H. We expect 2H23 DPS of 9sen (+0% YoY).

Mixed bag operations wise

GENM assured us that the R&M expenses will not recur and charters have resumed. We note also that share of losses from Empire Resorts (Not Listed) are wider-than-expected by 105% due to lower-than-expected 1H23 EBITDA margin of 5% (2Q23: 8%, MIBG forecast: 15%) due to start-up losses at Resorts World Hudson Valley. Yet, 1H23 RWG EBITDA margin of 33% came as a positive surprise to us (MIBG forecast: 31%) as GENM credited aggressive cost rationalisation measures.

Trim long term EPS and TP by 3%

We trim our FY23E/FY24E/FY25E EPS by 14%/3%/3% as we:- (i) impute lower FY23E/FY24E/FY25E Empire Resorts EBITDA margin of 5%/8%/8% (15% p.a. previously); but (ii) raise FY23E/FY24E/FY25E RWG EBITDA margin by 1ppt p.a. to 32%/33%/33%. Seeing that we trim our long term EPS by 3%, we trim our DCF-TP by a similar 3% to MYR2.77 from MYR2.85. Going into 2H23, we expect earnings to improve sequentially on seasonally higher visitor arrivals.

Value Proposition

- Owns and operates Resorts World Genting (RWG), Genting United Kingdom (GENUK), Resorts World New York City (RWNYC) and Resorts World Bimini (RWB).
- RWG is ~80% of group earnings and resilient. RWG is expanding via the Genting Integrated Tourism Plan (GITP).
- GITP involves 1,536 hotel rooms, outdoor theme park, indoor theme park, mall, plaza and new cable car line.
- ROEs fell to <10% after 2013, dragged by start-up losses at RWB.
- ROE may remain below WACC due to the acquisition of the remaining 24% shareholding in Empire Resorts.

RWG visitor arrivals (m)

Source: Company

Financial Metrics

- Key financial metric is EBITDA. Most casino operators are valued on EV/EBITDA basis.
- Forecast FY23E EBITDA to grow by 18% YoY as more rooms for gamblers are made available at RWG.
- Forecast FY24E EBITDA to grow by another 20% YoY as the COVID-19 pandemic fully subsides.
- We expect balance sheet to remain in net debt as GENM has been more progressive in paying dividends.

Price Drivers

Historical share price trend

Source: Company, Maybank IBG Research

- National Budget 2019 in Nov 2018 proposed for RWG casino duty rate to be hiked by 10ppts from 1 Jan 2019.
- Fox withdrew RWG's right to Fox-brand its outdoor theme park.
- COVID-19 pandemic spreads in Malaysia. RWG was shut from 18 Mar 2020 to 18 Jun 2020.
- Pfizer and AstraZeneca announced that they developed effective COVID-19 vaccines.
- RWG reopened from the Full Movement Control Order on 30 Sep 2021.

Swing Factors

Upside

- VIP win rate - if it is above theoretical levels, it can positively influence earnings.
- VIP: mass market mix - tilt towards mass market will expand margins due to less commissions and rebates.
- Higher visitor arrivals to RWG - the purpose of the GITP is to attract more high margin mass market gamblers.

Downside

- Related party transactions (RPT) - GENM has a history of executing RPTs that do not favour minority shareholders.
- Regional expansion - new jurisdictions often require high capex commitments without guaranteeing returns.
- High foreign shareholding of 15.6% as at end-2Q23 poses downside risk to share price in a weak market.

Results analysis

- 2Q23 core net profit was up 13% YoY largely due to RWG welcoming 0.5m more visitors YoY (2Q23: 5.4m, 2Q22: 4.9m).
- 2Q23 core net profit was up 186% QoQ largely due to RWG welcoming 0.7m more visitors QoQ (2Q23: 5.4m, 1Q23: 4.7m).
- Recall that 1Q23 RWG visitor arrivals were subdued on lingering fears over the Batang Kali landslide that occurred on 16 Dec 2022.
- 6M23 core net profit surged to MYR163.0m from breakeven in 6M22 largely due to RWG welcoming 1.5m more visitors YoY (6M23: 10.1m, 6M22: 8.6m).
- Recall that most COVID-19 related restrictions were lifted in Apr 2022 as Malaysia reached the endemic phase of the pandemic then.

APPENDIX I: TERMS FOR PROVISION OF REPORT, DISCLAIMERS AND DISCLOSURES

DISCLAIMERS

This research report is prepared for general circulation and for information purposes only and under no circumstances should it be considered or intended as an offer to sell or a solicitation of an offer to buy the securities referred to herein. Investors should note that values of such securities, if any, may fluctuate and that each security's price or value may rise or fall. Opinions or recommendations contained herein are in form of technical ratings and fundamental ratings. Technical ratings may differ from fundamental ratings as technical valuations apply different methodologies and are purely based on price and volume-related information extracted from the relevant jurisdiction's stock exchange in the equity analysis. Accordingly, investors' returns may be less than the original sum invested. Past performance is not necessarily a guide to future performance. This report is not intended to provide personal investment advice and does not take into account the specific investment objectives, the financial situation and the particular needs of persons who may receive or read this report. Investors should therefore seek financial, legal and other advice regarding the appropriateness of investing in any securities or the investment strategies discussed or recommended in this report.

The information contained herein has been obtained from sources believed to be reliable but such sources have not been independently verified by Maybank Investment Bank Berhad, its subsidiary and affiliates (collectively, "Maybank IBG") and consequently no representation is made as to the accuracy or completeness of this report by Maybank IBG and it should not be relied upon as such. Accordingly, Maybank IBG and its officers, directors, associates, connected parties and/or employees (collectively, "Representatives") shall not be liable for any direct, indirect or consequential losses or damages that may arise from the use or reliance of this report. Any information, opinions or recommendations contained herein are subject to change at any time, without prior notice.

This report may contain forward looking statements which are often but not always identified by the use of words such as "anticipate", "believe", "estimate", "intend", "plan", "expect", "forecast", "predict" and "project" and statements that an event or result "may", "will", "can", "should", "could" or "might" occur or be achieved and other similar expressions. Such forward looking statements are based on assumptions made and information currently available to us and are subject to certain risks and uncertainties that could cause the actual results to differ materially from those expressed in any forward looking statements. Readers are cautioned not to place undue relevance on these forward-looking statements. Maybank IBG expressly disclaims any obligation to update or revise any such forward looking statements to reflect new information, events or circumstances after the date of this publication or to reflect the occurrence of unanticipated events.

Maybank IBG and its officers, directors and employees, including persons involved in the preparation or issuance of this report, may, to the extent permitted by law, from time to time participate or invest in financing transactions with the issuer(s) of the securities mentioned in this report, perform services for or solicit business from such issuers, and/or have a position or holding, or other material interest, or effect transactions, in such securities or options thereon, or other investments related thereto. In addition, it may make markets in the securities mentioned in the material presented in this report. One or more directors, officers and/or employees of Maybank IBG may be a director of the issuers of the securities mentioned in this report to the extent permitted by law.

This report is prepared for the use of Maybank IBG's clients and may not be reproduced, altered in any way, transmitted to, copied or distributed to any other party in whole or in part in any form or manner without the prior express written consent of Maybank IBG and Maybank IBG and its Representatives accepts no liability whatsoever for the actions of third parties in this respect.

This report is not directed to or intended for distribution to or use by any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation. This report is for distribution only under such circumstances as may be permitted by applicable law. The securities described herein may not be eligible for sale in all jurisdictions or to certain categories of investors. Without prejudice to the foregoing, the reader is to note that additional disclaimers, warnings or qualifications may apply based on geographical location of the person or entity receiving this report.

Malaysia

Opinions or recommendations contained herein are in the form of technical ratings and fundamental ratings. Technical ratings may differ from fundamental ratings as technical valuations apply different methodologies and are purely based on price and volume-related information extracted from Bursa Malaysia Securities Berhad in the equity analysis.

Singapore

This report has been produced as of the date hereof and the information herein may be subject to change. Maybank Research Pte. Ltd. ("MRPL") in Singapore has no obligation to update such information for any recipient. For distribution in Singapore, recipients of this report are to contact MRPL in Singapore in respect of any matters arising from, or in connection with, this report. If the recipient of this report is not an accredited investor, expert investor or institutional investor (as defined under Section 4A of the Singapore Securities and Futures Act), MRPL shall be legally liable for the contents of this report, with such liability being limited to the extent (if any) as permitted by law.

Thailand

Except as specifically permitted, no part of this presentation may be reproduced or distributed in any manner without the prior written permission of Maybank Securities (Thailand) Public Company Limited. Maybank Securities (Thailand) Public Company Limited ("MST") accepts no liability whatsoever for the actions of third parties in this respect.

Due to different characteristics, objectives and strategies of institutional and retail investors, the research products of MST Institutional and Retail Research departments may differ in either recommendation or target price, or both. MST reserves the rights to disseminate MST Retail Research reports to institutional investors who have requested to receive it. If you are an authorised recipient, you hereby tacitly acknowledge that the research reports from MST Retail Research are first produced in Thai and there is a time lag in the release of the translated English version.

The disclosure of the survey result of the Thai Institute of Directors Association ("IOD") regarding corporate governance is made pursuant to the policy of the Office of the Securities and Exchange Commission. The survey of the IOD is based on the information of a company listed on the Stock Exchange of Thailand and the market for Alternative Investment disclosed to the public and able to be accessed by a general public investor. The result, therefore, is from the perspective of a third party. It is not an evaluation of operation and is not based on inside information. The survey result is as of the date appearing in the Corporate Governance Report of Thai Listed Companies. As a result, the survey may be changed after that date. MST does not confirm nor certify the accuracy of such survey result.

The disclosure of the Anti-Corruption Progress Indicators of a listed company on the Stock Exchange of Thailand, which is assessed by Thaipat Institute, is made in order to comply with the policy and sustainable development plan for the listed companies of the Office of the Securities and Exchange Commission. Thaipat Institute made this assessment based on the information received from the listed company, as stipulated in the form for the assessment of Anti-corruption which refers to the Annual Registration Statement (Form 56-1), Annual Report (Form 56-2), or other relevant documents or reports of such listed company. The assessment result is therefore made from the perspective of Thaipat Institute that is a third party. It is not an assessment of operation and is not based on any inside information. Since this assessment is only the assessment result as of the date appearing in the assessment result, it may be changed after that date or when there is any change to the relevant information. Nevertheless, MST does not confirm, verify, or certify the accuracy and completeness of the assessment result.

US

This third-party research report is distributed in the United States ("US") to Major US Institutional Investors (as defined in Rule 15a-6 under the Securities Exchange Act of 1934, as amended) only by Wedbush Securities Inc. ("Wedbush"), a broker-dealer registered in the US (registered under Section 15 of the Securities Exchange Act of 1934, as amended). All responsibility for the distribution of this report by Wedbush in the US shall be borne by Wedbush. This report is not directed at you if Wedbush is prohibited or restricted by any legislation or regulation in any jurisdiction from making it available to you. You should satisfy yourself before reading it that Wedbush is permitted to provide research material concerning investments to you under relevant legislation and regulations. All U.S. persons receiving and/or accessing this report and wishing to effect transactions in any security mentioned within must do so with: Wedbush Securities Inc. 1000 Wilshire Blvd, Los Angeles, California 90017, +1 (646) 604-4232 and not with the issuer of this report.

UK

This document is being distributed by Maybank Securities (London) Ltd (“MSUK”) which is authorized and regulated, by the Financial Conduct Authority and is for Informational Purposes only. This document is not intended for distribution to anyone defined as a Retail Client under the Financial Services and Markets Act 2000 within the UK. Any inclusion of a third party link is for the recipients convenience only, and that the firm does not take any responsibility for its comments or accuracy, and that access to such links is at the individuals own risk. Nothing in this report should be considered as constituting legal, accounting or tax advice, and that for accurate guidance recipients should consult with their own independent tax advisers.

Analyst Certification of Independence

The views expressed in this research report accurately reflect the analyst’s personal views about any and all of the subject securities or issuers; and no part of the research analyst’s compensation was, is or will be, directly or indirectly, related to the specific recommendations or views expressed in the report.

Reminder

Structured securities are complex instruments, typically involve a high degree of risk and are intended for sale only to sophisticated investors who are capable of understanding and assuming the risks involved. The market value of any structured security may be affected by changes in economic, financial and political factors (including, but not limited to, spot and forward interest and exchange rates), time to maturity, market conditions and volatility and the credit quality of any issuer or reference issuer. Any investor interested in purchasing a structured product should conduct its own analysis of the product and consult with its own professional advisers as to the risks involved in making such a purchase.

No part of this material may be copied, photocopied or duplicated in any form by any means or redistributed without the prior consent of Maybank IBG.

Historical recommendations and target price: Genting Malaysia (GENM MK)

Definition of Ratings

Maybank IBG Research uses the following rating system

- BUY** Return is expected to be above 10% in the next 12 months (including dividends)
- HOLD** Return is expected to be between 0% to 10% in the next 12 months (including dividends)
- SELL** Return is expected to be below 0% in the next 12 months (including dividends)

Applicability of Ratings

The respective analyst maintains a coverage universe of stocks, the list of which may be adjusted according to needs. Investment ratings are only applicable to the stocks which form part of the coverage universe. Reports on companies which are not part of the coverage do not carry investment ratings as we do not actively follow developments in these companies.
