### Market Overview

The FBMKLCI Index rebounded yesterday in tandem with bargain hunting across the regional equities markets despite concerns the conflict in the Middle East may escalate. At the day's end, the benchmark FBMKLCI index rose 5.17pts, or 0.36%, to 1,444.13pts, led by advances in PPBGROUP, KLK, AXITA and TM. Market breadth turned positive as gainers outnumbered losers by 439 to 353. A total of 2.68b shares valued at MYR1.92b changed hands. The majority of the sector indices rebounded but energy names drifted lower as profit-taking begins. Buying interest appears to be stronger in the ACE market compare to mid and small caps. Meanwhile, we expect the FBMKLCI Index to range between 1,430pts and 1,450pts today, with support at 1,410pts and 1,395pts.

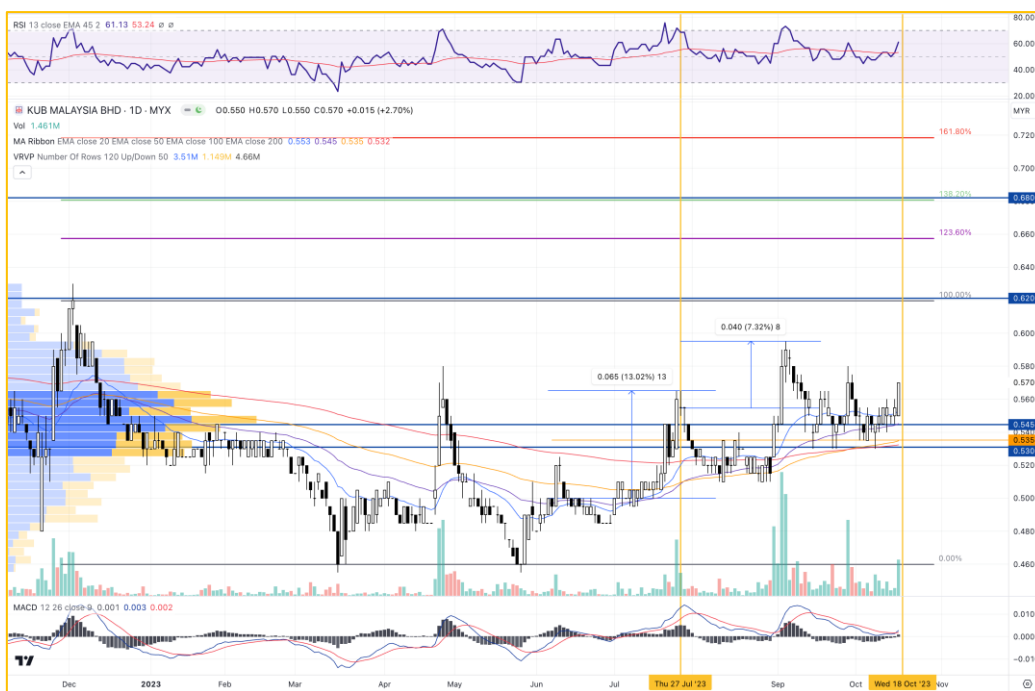

### FBMKLCI Intraday Chart

Source: Bloomberg

### TRADING IDEAS

#### 1. KUB MALAYSIA - 6874 (MYR0.570)

#### STRATEGY: ACCUMULATE (TECHNICAL)

Despite some setback after our BUY on 27 Jul 2023, the downside was capped within our support. The subsequent rally saw the stock peak at MYR0.595 on 5 Sep, slightly below our 1<sup>st</sup> target. The stock then built a new higher low structure along the 200-day EMA line - reinforcing its bullish bias. We expect the uptrend to resume. Reiterate BUY with a higher target.

SUGGESTION BUY RANGE

STOP-LOSS

ESTIMATED RESISTANCE

ESTIMATED TIMEFRAME

MYR0.565 - MYR0.575

Below MYR0.530

R1: MYR0.620, R2: MYR0.680

3 - 6 weeks

## TRADING IDEAS

### 2. MI TECHNOVATION - 5286 (MYR1.74)

**STRATEGY:**  
ACCUMULATE (TECHNICAL)

A breakout above the “triangle” pattern on 15 Sep 2023 has set up a new upcycle as the stock built a new higher low structure along the 20-day EMA line. The ongoing uptrend bias is still intact and set to continue amid yesterday’s gain on the back of higher trading volume - backed by a bullish technical reading in both the RSI and MACD. We expect the stock to trade higher ahead.

SUGGESTION BUY RANGE	STOP-LOSS	ESTIMATED RESISTANCE	ESTIMATED TIMEFRAME
MYR1.72 ~ MYR1.74	Below MYR1.61	R1: MYR1.86, R2: MYR2.06	6 - 8 weeks

### 3. SUCCESS TRANSFORMER CORP - 7207 (MYR0.755)

**STRATEGY:**  
ACCUMULATE (TECHNICAL)

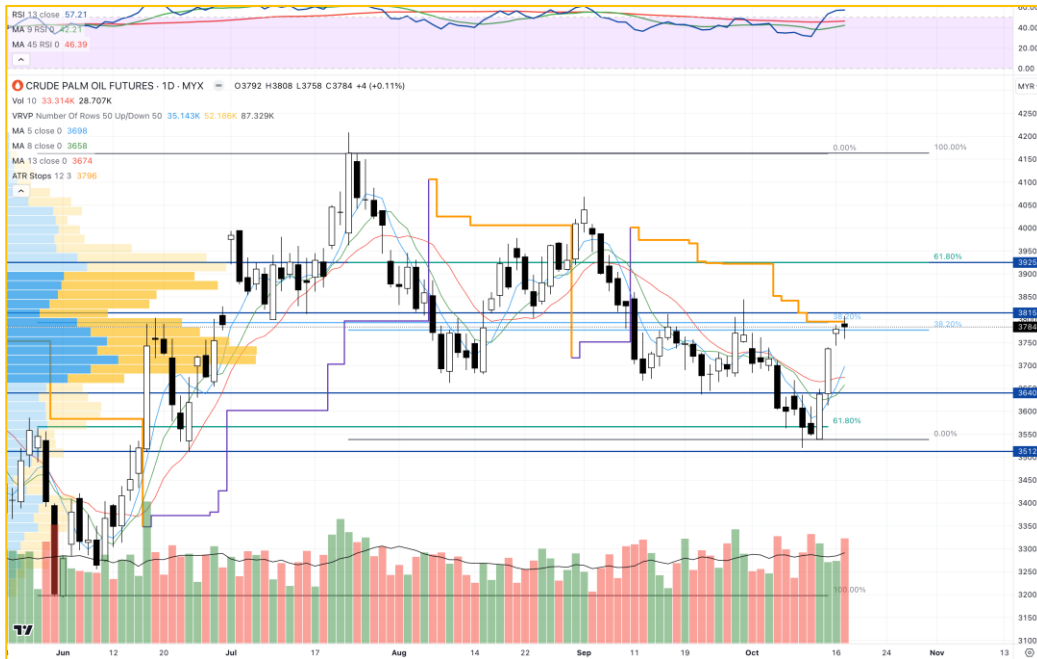

After our BUY on 11 Oct 2023, the stock gained 5.8% and hit our 1<sup>st</sup> target of MYR0.760 yesterday. The new higher high structure on the back of higher trading volume signals the continuation of the ongoing uptrend. Backed by positive reading in both the RSI and MACD, we expect the stock to accelerate further ahead. Reiterate BUY with a higher target.

SUGGESTION BUY RANGE	STOP-LOSS	ESTIMATED RESISTANCE	ESTIMATED TIMEFRAME
MYR0.750 ~ MYR0.760	Below MYR0.700	R1: MYR0.815, R2: MYR0.880	3 - 6 weeks

## COMMODITY & DERIVATIVES WATCH

### CRUDE PALM OIL FUTURES (FCPO) ACTIVE CONTRACTS, DAILY CANDLESTICK CHART (MYR3,784)

**SHORT-TERM TREND EXPECTATION:**

We use a daily chart to analyse the potential direction of the FCPO's short-term movement.

The FCPO traded higher yesterday, although the gain was capped within the ATR line and the immediate resistance at MYR3,815. The appearance of the “spinning top” pattern on the back of higher trading volume suggests selling pressure is rising thus could drag the FCPO lower in the near term.

SUPPORT	RESISTANCE	MOMENTUM	TREND
S1: MYR3,640 S2: MYR3,512	R1: MYR3,815 R2: MYR3,925	Selling pressure on the rise	Pullback in the card

### KLCI INDEX FUTURES (FKLI), SPOT CONTRACTS, DAILY CANDLESTICK CHART (1,445.00)

**SHORT-TERM TREND EXPECTATION:**

We use a daily chart to analyse the potential direction of the FKLI for short-term trading.

Our earlier bearish expectation has been quashed by yesterday's gain as the FKLI Index rose above the ATR line and the 5-MA line on the back of fresh uptick in the RSI. However, lower trading volume suggests the buying interest is mild thus indicating the index is still vulnerable to consolidation- at least in the near term.

SUPPORT	RESISTANCE	MOMENTUM	TREND
S1: 1,425.00 S2: 1,410.50	R1: 1,457.00 R2: 1,465.50	Interest still mild	Mixed signal

## APPENDIX I: TERMS FOR PROVISION OF REPORT, DISCLAIMERS AND DISCLOSURES

### DISCLAIMERS

This research report is prepared for general circulation and for information purposes only and under no circumstances should it be considered or intended as an offer to sell or a solicitation of an offer to buy the securities referred to herein. Investors should note that values of such securities, if any, may fluctuate and that each security's price or value may rise or fall. Opinions or recommendations contained herein are in form of technical ratings and fundamental ratings. Technical ratings may differ from fundamental ratings as technical valuations apply different methodologies and are purely based on price and volume-related information extracted from the relevant jurisdiction's stock exchange in the equity analysis. Accordingly, investors' returns may be less than the original sum invested. Past performance is not necessarily a guide to future performance. This report is not intended to provide personal investment advice and does not take into account the specific investment objectives, the financial situation and the particular needs of persons who may receive or read this report. Investors should therefore seek financial, legal and other advice regarding the appropriateness of investing in any securities or the investment strategies discussed or recommended in this report.

The information contained herein has been obtained from sources believed to be reliable but such sources have not been independently verified by Maybank Investment Bank Berhad, its subsidiary and affiliates (collectively, "Maybank IBG") and consequently no representation is made as to the accuracy or completeness of this report by Maybank IBG and it should not be relied upon as such. Accordingly, Maybank IBG and its officers, directors, associates, connected parties and/or employees (collectively, "Representatives") shall not be liable for any direct, indirect or consequential losses or damages that may arise from the use or reliance of this report. Any information, opinions or recommendations contained herein are subject to change at any time, without prior notice.

This report may contain forward looking statements which are often but not always identified by the use of words such as "anticipate", "believe", "estimate", "intend", "plan", "expect", "forecast", "predict" and "project" and statements that an event or result "may", "will", "can", "should", "could" or "might" occur or be achieved and other similar expressions. Such forward looking statements are based on assumptions made and information currently available to us and are subject to certain risks and uncertainties that could cause the actual results to differ materially from those expressed in any forward looking statements. Readers are cautioned not to place undue relevance on these forward-looking statements. Maybank IBG expressly disclaims any obligation to update or revise any such forward looking statements to reflect new information, events or circumstances after the date of this publication or to reflect the occurrence of unanticipated events.

Maybank IBG and its officers, directors and employees, including persons involved in the preparation or issuance of this report, may, to the extent permitted by law, from time to time participate or invest in financing transactions with the issuer(s) of the securities mentioned in this report, perform services for or solicit business from such issuers, and/or have a position or holding, or other material interest, or effect transactions, in such securities or options thereon, or other investments related thereto. In addition, it may make markets in the securities mentioned in the material presented in this report. One or more directors, officers and/or employees of Maybank IBG may be a director of the issuers of the securities mentioned in this report to the extent permitted by law.

This report is prepared for the use of Maybank IBG's clients and may not be reproduced, altered in any way, transmitted to, copied or distributed to any other party in whole or in part in any form or manner without the prior express written consent of Maybank IBG and Maybank IBG and its Representatives accepts no liability whatsoever for the actions of third parties in this respect.

This report is not directed to or intended for distribution to or use by any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation. This report is for distribution only under such circumstances as may be permitted by applicable law. The securities described herein may not be eligible for sale in all jurisdictions or to certain categories of investors. Without prejudice to the foregoing, the reader is to note that additional disclaimers, warnings or qualifications may apply based on geographical location of the person or entity receiving this report.

### Malaysia

Opinions or recommendations contained herein are in the form of technical ratings and fundamental ratings. Technical ratings may differ from fundamental ratings as technical valuations apply different methodologies and are purely based on price and volume-related information extracted from Bursa Malaysia Securities Berhad in the equity analysis.

### Singapore

This report has been produced as of the date hereof and the information herein may be subject to change. Maybank Research Pte. Ltd. ("MRPL") in Singapore has no obligation to update such information for any recipient. For distribution in Singapore, recipients of this report are to contact MRPL in Singapore in respect of any matters arising from, or in connection with, this report. If the recipient of this report is not an accredited investor, expert investor or institutional investor (as defined under Section 4A of the Singapore Securities and Futures Act), MRPL shall be legally liable for the contents of this report, with such liability being limited to the extent (if any) as permitted by law.

### Thailand

Except as specifically permitted, no part of this presentation may be reproduced or distributed in any manner without the prior written permission of Maybank Securities (Thailand) Public Company Limited. Maybank Securities (Thailand) Public Company Limited ("MST") accepts no liability whatsoever for the actions of third parties in this respect.

Due to different characteristics, objectives and strategies of institutional and retail investors, the research products of MST Institutional and Retail Research departments may differ in either recommendation or target price, or both. MST reserves the rights to disseminate MST Retail Research reports to institutional investors who have requested to receive it. If you are an authorised recipient, you hereby tacitly acknowledge that the research reports from MST Retail Research are first produced in Thai and there is a time lag in the release of the translated English version.

The disclosure of the survey result of the Thai Institute of Directors Association ("IOD") regarding corporate governance is made pursuant to the policy of the Office of the Securities and Exchange Commission. The survey of the IOD is based on the information of a company listed on the Stock Exchange of Thailand and the market for Alternative Investment disclosed to the public and able to be accessed by a general public investor. The result, therefore, is from the perspective of a third party. It is not an evaluation of operation and is not based on inside information. The survey result is as of the date appearing in the Corporate Governance Report of Thai Listed Companies. As a result, the survey may be changed after that date. MST does not confirm nor certify the accuracy of such survey result.

The disclosure of the Anti-Corruption Progress Indicators of a listed company on the Stock Exchange of Thailand, which is assessed by Thaipat Institute, is made in order to comply with the policy and sustainable development plan for the listed companies of the Office of the Securities and Exchange Commission. Thaipat Institute made this assessment based on the information received from the listed company, as stipulated in the form for the assessment of Anti-corruption which refers to the Annual Registration Statement (Form 56-1), Annual Report (Form 56-2), or other relevant documents or reports of such listed company. The assessment result is therefore made from the perspective of Thaipat Institute that is a third party. It is not an assessment of operation and is not based on any inside information. Since this assessment is only the assessment result as of the date appearing in the assessment result, it may be changed after that date or when there is any change to the relevant information. Nevertheless, MST does not confirm, verify, or certify the accuracy and completeness of the assessment result.

### US

This third-party research report is distributed in the United States ("US") to Major US Institutional Investors (as defined in Rule 15a-6 under the Securities Exchange Act of 1934, as amended) only by Wedbush Securities Inc. ("Wedbush"), a broker-dealer registered in the US (registered under Section 15 of the Securities Exchange Act of 1934, as amended). All responsibility for the distribution of this report by Wedbush in the US shall be borne by Wedbush. This report is not directed at you if Wedbush is prohibited or restricted by any legislation or regulation in any jurisdiction from making it available to you. You should satisfy yourself before reading it that Wedbush is permitted to provide research material concerning investments to you under relevant legislation and regulations. All U.S. persons receiving and/or accessing this report and wishing to effect transactions in any security mentioned within must do so with: Wedbush Securities Inc. 1000 Wilshire Blvd, Los Angeles, California 90017, +1 (646) 604-4232 and not with the issuer of this report.

**UK**

This document is being distributed by Maybank Securities (London) Ltd (“MSUK”) which is authorized and regulated, by the Financial Conduct Authority and is for Informational Purposes only. This document is not intended for distribution to anyone defined as a Retail Client under the Financial Services and Markets Act 2000 within the UK. Any inclusion of a third party link is for the recipients convenience only, and that the firm does not take any responsibility for its comments or accuracy, and that access to such links is at the individuals own risk. Nothing in this report should be considered as constituting legal, accounting or tax advice, and that for accurate guidance recipients should consult with their own independent tax advisers.

**DISCLOSURES**

**Legal Entities Disclosures**

**Disclosure of Interest**

**Malaysia:** Maybank IBG and its Representatives may from time to time have positions or be materially interested in the securities referred to herein and may further act as market maker or may have assumed an underwriting commitment or deal with such securities and may also perform or seek to perform investment banking services, advisory and other services for or relating to those companies.

**Singapore:** As of 18 October 2023, Maybank Research Pte. Ltd. and the covering analyst do not have any interest in any companies recommended in this research report.

**Thailand:** MST may have a business relationship with or may possibly be an issuer of derivative warrants on the securities /companies mentioned in the research report. Therefore, Investors should exercise their own judgment before making any investment decisions. MST, its associates, directors, connected parties and/or employees may from time to time have interests and/or underwriting commitments in the securities mentioned in this report.

**Hong Kong:** As of 18 October 2023, MIB Securities (Hong Kong) Limited and the authoring analyst do not have any interest in any companies recommended in this research report.

**India:** As of 18 October 2023, and at the end of the month immediately preceding the date of publication of the research report, MIBSI, authoring analyst or their associate / relative does not hold any financial interest or any actual or beneficial ownership in any shares or having any conflict of interest in the subject companies except as otherwise disclosed in the research report.

In the past twelve months MIBSI and authoring analyst or their associate did not receive any compensation or other benefits from the subject companies or third party in connection with the research report on any account what so ever except as otherwise disclosed in the research report.

Maybank IBG may have, within the last three years, served as manager or co-manager of a public offering of securities for, or currently may make a primary market in issues of, any or all of the entities mentioned in this report or may be providing, or have provided within the previous 12 months, significant advice or investment services in relation to the investment concerned or a related investment and may receive compensation for the services provided from the companies covered in this report.

**OTHERS**

**Analyst Certification of Independence**

The views expressed in this research report accurately reflect the analyst’s personal views about any and all of the subject securities or issuers; and no part of the research analyst’s compensation was, is or will be, directly or indirectly, related to the specific recommendations or views expressed in the report.

**Reminder**

Structured securities are complex instruments, typically involve a high degree of risk and are intended for sale only to sophisticated investors who are capable of understanding and assuming the risks involved. The market value of any structured security may be affected by changes in economic, financial and political factors (including, but not limited to, spot and forward interest and exchange rates), time to maturity, market conditions and volatility and the credit quality of any issuer or reference issuer. Any investor interested in purchasing a structured product should conduct its own analysis of the product and consult with its own professional advisers as to the risks involved in making such a purchase.

No part of this material may be copied, photocopied or duplicated in any form by any means or redistributed without the prior consent of Maybank IBG.

**Definition of Ratings**

Maybank IBG Research uses the following rating system

<b>TRADING BUY (TECHNICAL)</b>	Total return is expected to be POSITIVE, exceeding 20% in the next 2 months.
<b>ACCUMULATE (TECHNICAL)</b>	Total return is expected to be POSITIVE, between 5% to 10% in the next 1 month.
<b>TRADING SELL (TECHNICAL)</b>	Total return is expected to be NEGATIVE, exceeding 20% in the next 2 months.
<b>DISTRIBUTE (TECHNICAL)</b>	Total return is expected to be NEGATIVE, between 5% to 10% in the next 1 month.

**Applicability of Technical Ratings**

Technical ratings are purely based on price and volume-related indicators extracted from Bursa Malaysia Securities Berhad, explained in the Glossary below. Featured securities are selected as and when their technical indicators appear convincing for an investment action. Maybank Investment Bank Bhd expressly disclaims any obligation to update or revise its Technical Ratings to reflect new information, events or circumstances after the date of this publication or to reflect the occurrence of unanticipated events.

**Glossary of key technical terms**

<b>COMMODITY CHANNEL INDEX (CCI)</b>	An oscillator used in technical analysis to help determine when an investment vehicle has been overbought and oversold. It quantifies the relationship between the asset's price, a moving average (MA) of the asset's price, and normal deviations (D) from that average.
<b>DIRECTIONAL MOVEMENT INDEX (DMI)</b>	An indicator for identifying when a definable trend is present in an instrument, i.e. the DMI tells whether an instrument is trending or not.
<b>MOVING AVERAGE CONVERGENCE DIVERGENCE (MACD) OSCILLATOR</b>	A trend lagging momentum indicator that shows the relationship between two moving averages of prices. A "signal line" is also plotted on top of the MACD to function as a trigger for buy and sell signals.
<b>RELATIVE STRENGTH INDEX (RSI)</b>	A technical analysis tool that is banded between two extreme values and built with the results from a trend indicator for discovering short-term overbought or oversold conditions. As the oscillator approaches the upper extreme value the stock is overbought, while in the lower extreme it is oversold.
<b>STOCHASTIC</b>	A technical momentum indicator that compares the magnitude of recent losses to determine overbought and oversold conditions of the stock. The stock is overbought (overvalued) once the RSI approaches the 80-level. Meanwhile, the stock is oversold (undervalued) as the RSI approaches the 20-level.
	A technical momentum indicator that compares a security's closing price to its price range over a given time period. The stock is overbought when the indicator is above 80 and oversold when it is below 20.
